

Mobility Investment Priorities Corridor Project Checklist

Instruction Notes:

- **Already Included** – strategy is already integrated into corridor projects. *Use codes below for this column only:
 - **BP**: Best Practice is being used
 - **SP**: Best State Practice is being used
- **G**: Current efforts are good
- **E**: Current efforts are not sufficient

If columns are used, mark with an **X**:

- **Should Be Studied** – strategy is not integrated into possible corridor projects, but could significantly benefit the corridor; requires additional analysis.
- **Is Not Needed** – strategy would not benefit the corridor.
- **No Information Yet** – insufficient knowledge about the corridor and related projects to classify strategy.
